

DISTANCE COMES THROUGH OPTIMISATION

FEATURES	BENEFITS
First time combining FCT and MWT® in a 460cc head	24 combinations of face angle and CG location to promote 75 yards of side-to-side trajectory change, all in a more forgiving head
New FCT sleeve weighing three grams less than the previous version	Helps allow FCT and MWT to exist together in a 460cc
Deeper clubface and deeper CG location promotes higher launch angle and higher spin-rate	Easier to launch for many players than previous R9™ drivers
Fujikura® Motore 60-gram shaft (5 grams lighter than previous R9 drivers) with softer tip	More playable and launches the ball higher with more spin
